This album is dedicated to...

Ella Adler, a pure picture of selflessness, sacrifice and shared spirit, the true charity. You are a credit to your family and to the memories of your loved ones, whose proud legacies live on in your example and the work of Matnas Michoel.

Chani Daskal, Your superhuman inner strength and determination to carry on in life and simcha has been an inspiration I will never forget. May G-d grant you and your family happiness and good fortune so we may enjoy Purim and birthday parties in the future.

David ("Dudi") Daskal, z"l, a friend who left so many memories of great live band music he made me a part of. His sweet, proud smile always inspired us while he watched us perform. Our efforts to please him often surpassed all other efforts because he made us feel honored to work for him.

Love and appreciation to...

Chazzan Abraham Veroba, z"l,
Martha Veroba,
Ally & Abie Veroba,
the Spier family,
the Cohen, Avezov, Aminov
and Zerikier families.

To Larry Gates:

You not only brought my most ambitious undertaking to fruition, but you've also turned my impossible wishes of "gee, I wish I sang that," into "gee, that might be better than the original!" You're a pro, a good friend and, yet again, our collaboration was an honor for me to experience.
